**Compare apples to apples! Our NRE/Tooling is absolutely FREE.**  
(NRE/Tooling charge: \$0.00)

**Want lower prices?** Allow us to make your PCBs to our Pre-Defined specs, and SAVE! See matrix below.

### PRE-DEFINED SPEC Pricing: (Read our Assumptions!)

[Click on Unit Price to Proceed](#)

- Pre-defined spec pricing assumes HAL plating, FR4, 0.062", all holes plated thru (PTH), green mask, white silkscreen, and non-plated slots (if any). We will use our standard copper plating (1 oz Outers and 0.5 oz Inners). Also, in your design the minimum trace / space has to be 6 mils (0.006") or more; and Minimum hole size 8 mils (0.008") or more. [Hide Terms](#)
- DOES NOT include UL markings, 94V-0 or date codes. No Lead-Free or RoHS markings. Finished hole tolerance +/- .005". Finished Thickness tolerance will be +/- 10% of nominal thickness.
- All files receive full CAM review and inspection to IPC-A-600G, class 2 standards.
- If your design includes countersink/counterbore or if you have controlled dielectric/stackup or impedance requirements, refer to Custom Spec matrix.
- We do not charge for NRE/Tooling. It is free!
- Electrical Testing is optional for 1 to 6 layer boards. For boards with more than 6 layers, Electrical Testing is mandatory (up to \$140 maximum charge)
- Unit prices shown do not include any Shipping charges.
